For a guide of Rectification of Building Work please click [here](#).

QBCC DIRECTIONS TO RECTIFY DEFECTIVE WORK OR REMEDY CONSEQUENTIAL DAMAGE

A Direction is a formal Order issued by QBCC to rectify or complete identified building work or remedy consequential damage.

NO DIRECTIONS RECORDED

Structural directions include defects that may:-

- allow water penetration into a building
- adversely affect the health and/or safety of the occupant
- adversely affect the structural adequacy of the building or
- adversely affect the serviceability, performance or functional use of the building

Non-Structural directions include defects that are not Structural and which:-

- result from a failure by the licensee to meet a reasonable standard of construction and finish; or
- are of a kind that commonly occur during the "settling in" period of a new dwelling.

QBCC is able to direct contractors to rectify defects or remedy consequential damage for 6 years and 6 months from the date of completion of the work.

Complied denotes the licensee has satisfied the requirements of the direction.

NOTE: This information will be removed from the register five (5) years after the direction was issued.

DISCIPLINARY RECORD

QBCC DISCIPLINARY ACTION

NO QBCC DISCIPLINARY ACTION TAKEN

This section will only apply if the Commission has taken disciplinary action against a licensee and the appeal period has lapsed.

QBCC INITIATED CONVICTIONS

NO RECORDED OFFENCES

This section only applies where the licensee has been convicted of an offence against the Queensland Building and Construction Commission Act 1991, the Queensland Building Tribunal Act 2000, the Domestic Building Contract Act 2000 or the Queensland Civil and Administrative Tribunal Act 2009.

NOTE: This information will be removed from the register five (5) years after the order was made.

EXCLUSIONS

EXCLUDED COMPANY

NO RECORD OF EXCLUSIONS

An excluded company is a company which has a director, secretary or influential person who is an excluded individual. An excluded individual is a person who is excluded from holding a contractor's, nominee supervisor's or site supervisor's licence, or from running a licensed company, due to an insolvency event.

NOTE: This information will be removed from the register either after ten (10) years, or when the director, secretary, influential person or nominee ceases in the company officer role, whichever is earlier.

PERMANENTLY EXCLUDED COMPANY

NO RECORD OF PERMANENT EXCLUSIONS

A permanently excluded company is an entity which has been excluded twice

BANNED COMPANY

NO RECORD OF BANS

A company is also banned if it has a banned individual as a director, secretary, influential person or nominee. A banned individual is a person who is excluded from holding a licence for a period of three (3) years for carrying out Tier 1 defective work. Tier 1 defective work is grossly defective work that falls below the standard reasonably expected of a licensed contractor; and either:-

- adversely affects the structural performance of a building to the extent that a person could not reasonably be expected to use the building for the purpose for which it was, or is being erected or constructed; or:-
- is likely to cause the death of, or grievous bodily harm to a person.

An example of tier 1 defective work would be substandard work that requires all or a significant part of a building to be demolished or substantially reconstructed.

If an individual is banned a second time, the period of the ban is for the life of the individual. Information on Tier 1 defective work was not recorded on the Public Register prior to 1 July 2003.

NOTE: Information relating to a three (3) year ban will be removed from the register after ten (10) years, otherwise information will be removed from the register when the director, secretary, influential person or nominee ceases in the company officer role.

DISQUALIFIED COMPANY

NO RECORD OF DISQUALIFICATION

A disqualified individual or company is an entity which is excluded from holding a licence for three years for accumulating 30 demerit points or more in a three year period.

INFRINGEMENT NOTICES

INFRINGEMENT NOTICES PAID & DEFAULT CERTIFICATES FOR QBCC OFFENCES

NO RECORD OF INFRINGEMENT NOTICES

Infringement notices relate to specific offences under the Queensland Building and Construction Commission Act 1991 (QBCC Act) and the Domestic Building Contracts Act 2000 (DBC Act). Licensees issued with an infringement notice are required to pay the specified penalty amount within 28 days or elect to have the matter dealt with by a Court. Failure to pay a fine in part or full or elect to have the matter dealt with by a Court will result in a default certificate being registered. Where a licensee elects to have the matter heard by a court the infringement notice will not be recorded here until the matter is determined. Information on paid Infringement Notices or details of offences where a default certificate has been registered was not recorded on the register prior to 21 December 2007.

NOTE: Records of paid Infringement Notices or default certificates will be removed from the register five (5) years from the date the record was placed on the register or if the infringement notice is withdrawn by the Commission or the enforcement order stops having effect.

DEMERIT POINTS

NO DEMERIT POINTS RECORDED

Demerit points relate to specific offences under the *Queensland Building and Construction Commission Act 1991* (QBCC Act) and unsatisfied judgment debts which relate to payment and contractual obligations. Varying points ranging from 2 to 10 will be allocated to a licence for each demerit point offence and 10 points will be allocated for each unsatisfied judgment debt. Some examples of demerit point offences are:

- Inadequate supervision of building work
- Contracts (and contract variations) not being in writing
- Failure to comply with a direction to rectify defective work
- Failure to warn that a contract is a construction management trade contract
- For domestic building contracts, taking an excess deposit

An individual licensee who accumulates 30 or more demerit points within a three-year period could be disqualified from holding a licence for three years.

Company Officers and Nominees for company licences - where the company accumulates 30 or more demerit points within a three-year period, could themselves be disqualified from holding a licence.

Disqualifications upon accumulation of demerit points are not automatic and in some legislated circumstances, accumulation of more than 30 points may result in no further action being taken and some or all points set aside.

Generally, demerit points are removed from this register three years from the date of issue or, for an unsatisfied judgment debt, when the debt is paid.
